

Brightwater
We see what others don't

Brightwater Disability Access and Inclusion Group (DAIG)

Brightwater Care Group recognises that people living with a disability should have the same opportunity as others, to join in all aspects of community life.

The DAIG has been developed to represent Brightwater clients living with a disability, in regard to:

- Protection against discrimination
- Access to Brightwater buildings, services and the broader community
- Access to complaint processes, if they feel they have been discriminated against
- Contribution to the development and review of relevant Brightwater policies, procedures and projects

The Disability Access and Inclusion Group meets quarterly and involves Brightwater clients, carers of Brightwater clients and staff representatives.

The Disability Access and Inclusion Group is here to provide a voice for Brightwater clients with a disability. It can be an overwhelming process, therefore we have provided some helpful information and resources as below.

[Department of Social Services](#)

[Department of Communities](#)

[Disability Support Guide](#)

At Brightwater, we welcome people with the full diversity of life experiences, thoughts and beliefs. We foster a culture of inclusion, collaboration and innovation where our clients and staff can flourish.

We are always looking for new carers who would like to become a member of DAIG. The time required is minimal, however the positive impact is significant.

For more information or to enquire about becoming a member, please contact Brightwater on [08 9202 2800](tel:0892022800) or welcome@brightwatergroup.com
